

Paying too much duty? At risk of AMPS penalties? Get the answers with a free SMART Customs Review

Getting a second opinion on your current customs broker could save you time and money. That's why we are now offering a free *SMART Customs Review*, available exclusively from Universal Logistics. There is no cost or obligation for this proven service, which has helped companies just like yours avoid AMPS (Administrative Monetary Penalty System) penalties ranging from \$100 to \$1,000 – or more.

Free, no-obligation review of your customs entries

The service includes a preliminary assessment of selected entries over a specific time period, covering key issues such as tariff classifications, related-party valuations and origin eligibility. You may even be eligible for refunds and duty drawbacks. And it's all absolutely free.

Are you eligible for refunds?

To order your free *SMART Customs Review*, [contact us](#) today or call our office (905-882-4880).

Save – by avoiding significant AMPS penalties for non-compliance.

Measure – the accuracy of your customs entries.

Assess – your immediate needs.

Realize – potential savings through refunds and/or duty drawbacks.

Take Control – by putting systems in place that ensure enduring compliance.
